Hi Rich, I forgot to copy you on my "orc report" (not sure if you get those "Dimock Daily" reports), but fyi I spoke to Cabot's atty today. She expects to be providing the remainder of Cabot's sampling data for the Site area (including pre-drilling) w/in the next week. She said it would be on 10-20 CDs. Take care, Humane

Hi Rich, Karen sent this to me today. Not sure if you also have it, so here it is . . . Also, I will be following up with Cabot to find out when they will submit the remaining info we requested in the 104e --especially the pre-drilling data. Will cc or bcc you on that. . .

Subject: Updated pre and post drilling summary table

Humane - Here is the updated table you asked for. I've indicated when the first sample was taken and by whom. You'll see significant difference between pre and post drilling, even though there were often very few constituents sampled in pre-drilling

[attachment "Dimock pre and post drill data.xlsx" deleted by Humane Zia/R3/USEPA/US]

What we're still missing from the Cabot 104 E response is all pre-drilling sampling data from the site area. This will include all homes not just the DEP Order homes with a map of the sampling locations to go with all the names.

We are also missing all the sampling data and lab QA/QC for all the homes sampled as part of the DEP order from 2008 through 2011, and a map verifying the locations of the wells by name sampled. There is still some issue about the [Ex. 6 - Personal Privacy] across the street. Many sample sets by Test America identity samples as [Ex. 6 - Personal Privacy] and we're not sure what data goes with which well.

There is also still an issue with the Test America data associated with [Ex. 6 - Personal Privacy]. The letter previously submitted by Cabot /Counsel identified that the well sampled was outside of the area. We question why a sample would be included from outside the area when [Ex. 6 - Personal Privacy] have a well and a storage shed/garage on a parcel next to the [Ex. 6 - Personal Privacy] we believe this data must be from that well, not from outside of the area as indicated.

We also need to know the location of the other residences included in the 5 Test America packages already submitted. Particularly the 2 pkgs from August and September 2011 sampling where the locations are only by initials like [Ex. 6 - Personal Privacy] and also in the three Test America documents from February 2010 that have additional names [Ex. 6 - Personal Privacy] as well as the clarification of which [Ex. 6 - Personal Privacy] the data goes with.
